# Suit Filed Against Telephone Company

A suit has been filed in the corporation of this city, today for Nigales where he will locate, having accepted the position as money order clerk in the Nigales postoffice. He takes with him the best wishes of his many friends in this city.

Mrs Mary Walker, a former resident of this city, but now located at Bisbee, is a visitor in the city today. She resided here in the early days and is a firm believer in the old camp. Mrs Walker makes frequent visits to the only Tombstone.

Hal Smith returned yesterday from a hunting trip to the San Pedro, and was successful in bagging a number of large Mallard ducks. He reports the birds as plentiful.

Leo O Woolery and family returned home yesterday from Land, where they spent Thanksgiving with relatives.

Mrs Douglas Gray and son Douglas returned home this morning from a visit of a few weeks in El Paso with Mrs Gray's sister, Mrs Frank Earle.

Today is the day for the regular quarterly teacher's examination. The exams will last until tomorrow.

Mr and Mrs F N Wolcott, and daughter, Mrs R P Kyle went to Tucson this morning on a brief visit with friends.

Among those who went to Bisbee yesterday from this city were Madame Sherry, which showed in the copper camp last evening were noted: Mr and Mrs George Wales, Miss Leona Tracy, Miss Edna Nevins, Assistant County School Supt. Miss Johnson, and Messrs G H McMahon, William McPherson, Deputy Sheriff Percy Bowden, Deputy Court Clerk Wilson, Probation Officer Allie Howe, and County School Supt. D B Hutchins.

They report the show as splendid and an exceptionally large crowd in attendance.

Mrs Frank Coles, accompanied by her children, returned to Bisbee yesterday afternoon after spending Thanksgiving here with her parents Mr and Mrs Jas McHugh.

# Automobile Heater is Bisbee Man's Device

H Haythornthwaite lays no claim to being an inventor. He is content with being known as the operator of a for hire automobile, but nevertheless he has mechanical ability and also knows how to apply it. A development in this respect that has astonished his patrons the past several days has been in the presence of a heating arrangement in his car. The apparatus is nowhere visible to the eye, but it makes its presence felt, and in a very comfortable manner. Patrons have noticed the pleasing warmth and been at a loss to understand from whence.

In explanation the automobile man lifts a carpet, shows them an arrangement of pipes through which heat is provided from the operation of the engine of the car. It is an arrangement of much merit and so far as known is not covered by patent. Application can be made to any car says the man responsible, and in cold weather such as recently had it is very desirable.

The board has called for supplies for coming year, bids to be opened Thursday, and today Clerk Karger and Assistant McMahon are swamped with matter getting ready for the rush.

# McNeal Fair Is Postponed

On account of the recent rains, that have made the roads throughout the valley, all but impassable, the date of the McNeal fair, which was to have been on Thanksgiving day, was postponed until December 17th.

This date was selected on account of the fact that the Democratic train from the Agricultural Experiment Station, will be in McNeal on that day, arriving there on the afternoon train of the 16th.

In the lists of dates published last week for this train, the 16th was the day given for McNeal and the 17th at Douglas, but a program given out later, gives McNeal on the 17th and Douglas on the 18th.

# From Monday's Daily

Arthur Harwood, former postmaster of this city, leaves today for Nogales where he will locate, having accepted the position as money order clerk in the Nigales postoffice. He takes with him the best wishes of his many friends in this city.

# New Irrigation Project For Arizona

Another important power and irrigation enterprise has been launched this time to utilize the water that comes down Babadine canyon in the Rincon mountains. The capitalists are the same as those interested in the Cobabi Mining company, of which O N Wilson of Indianapolis is president.

They are organized under the name of the Arizona Power & Water company, S G McWade is manager.

A weir is to be built in the canyon at once to measure the run-off and if the results are as expected, the enterprise will proceed.

The measurements will be finished by next August.

If the dam is built it will mean an expenditure of two or three million dollars.

The company is capitalized at \$5,000,000.

They have obtained a permit from the forest service to occupy the site and build a dam.

# Sulphur Spring Valley Notes

Charlie Knapp was in Courtland Wednesday and Thursday with a load of fat turkeys, that he was selling to the residents of the camp.

The bond election, held at Pearce last Saturday, was unanimous for the bonds, though the number of votes cast was but thirteen.

T E Lane, M McNeal and W L Babb of McNeal were in Courtland Tuesday and reported that the rains that had fallen during the three days before, was more than had fallen the entire summer season.

At the Stronghold school, the teacher, Miss Helen Benedict arranged for an entertainment that was given Wednesday evening by the scholars. There was a good attendance and the entertainment was very pleasing.

At the Sulphur Spring School house there was a Thanksgiving day dinner, at which the principal article of food, instead of being the time honored turkey, was fried venison, contributed by some of the members of the Sunday school that had been successful in their hunting trip.

F Kerby and son Arthur, arrived in Courtland Wednesday with fruit from their Gilie valley fruit farm. Mr Kerby left samples of Corliss pears that took the first ribbon at the Safford fair, and had a few of his Keiffer pears that took the blue ribbon at the Phoenix fair and also at the Safford fair.

Senator A A Worsley, of Tucson, delivered three interesting lectures at Light, Saturday and Sunday. The attendance was good and the speaker handled his subjects in a masterly manner.

J M Parrish, Eugene Yeakum, Dave McBride and Jack McCormick returned Sunday from a ten days hunting trip in the Chiricahua mountains. They report having seen plenty of deer, but that they were exceedingly wild, and this fact coupled with the stormy weather that prevailed throughout their trip, resulting in all of the deer remaining in their native haunts except a small one that was killed by Parrish.

S A Prater and H C Dillman, after taking a load of turkeys to Douglas and disposing of them there, returned Saturday, reaching home well along in the night, and report that they are well qualified to testify as to the severity of the storm, having encountered rain and sometimes snow, making travelling a tedious task.

M Eugene Bigelow returned yesterday from the Huachuca mountains, where he has been prospecting. He reports that he is now about to procure a pumping plant, to be installed on his homestead at Whitewater. —Arizonian.

# Alexander Found Not Guilty Saturday

Honorable William H Sawtelle judge of the United States court for Arizona, spent Sunday at Tucson with his family. This is his official residence as well as that of the clerk of the court.

Saturday night Judge Sawtelle completed the trial of the case against James B Alexander, formerly superintendent of the Indian agency at Saco, who was charged with presenting a false account to the government. The case was on trial for a week but it took the jury only 20 minutes to reach a verdict of not guilty. Alexander was found not guilty of a similar offense a year ago. He is a brother of former U S Attorney J L B Alexander who defended him assisted by Judge A O Baker, a brother-in-law.

Judge Sawtelle will rule on the demurrors to the indictments in the neutrality cases within the next day or two.

The criminal case yet to be tried and the oil cases will keep Judge Sawtelle at Phoenix until January 15 although he will spend the holidays with his family in Tucson. He hopes that by January 15th arrangements will have been made for quarters for the United States court at Tucson. When this is done George W Lewis, clerk of the court, will make Tucson his headquarters.

# From Tuesday's Daily

Manager Harry Evans, of the local office of the Mountain Telephone Co, accompanied by his wife and Ernest Davis motored over to Bisbee Sunday in their Ford car, returning home in the evening.

M L Naquin passed through Tombstone today on his way to Bisbee in his Big Velle, which took part in the recent El Paso-Phoenix road race.

Byron's Troubadours will show at the Schiefelin tomorrow night, and tickets are selling fast. If you have not yet purchased your ticket you had better do so at once, as this is a feature you cannot afford to miss.

Ernest Ivey returned last evening from a few weeks visit to various parts of the state.

Wm Cowan and family are in the city from the Cowan ranch in the Sulphur Spring valley.

Attorney A R English returned home this morning from Bi-bee, where he has been for the past few days on business.

The board of supervisors meets tomorrow in regular monthly session. There is a good deal of business to be transacted and the session will probably last two or three days.

John Kennedy and son are in the city today from the Kennedy ranch in the Sulphur Spring valley. They are on their way to Tucson.

The county and state taxes become delinquent Monday the 8th and the Treasurer's office is busy these days.

A sample of Egyptian cotton grown right here in Tombstone is now on display in the window of the Reeves Feed store. The cotton was grown by Porter McDonald at his home on Sixth St. He has quite a patch in his garden and it is of the best quality.

# Bogus Checks Passed In Tucson

Forgers apparently are at present looking upon Tucson as a meat prom ising field for their endeavors. The particular time which appeals most forcibly to the "Jim the Penman" tribe is Saturday afternoon. All the banks are closed and the city merchant is more liable to cash a check at that time and take a chance than at any other time. This gives the crook two days before his villainy is discovered and in two days he can get to Los Angeles and take a steamer or easily slip across the border.

# From Wednesday's Daily

Sheriff Harry Wheeler and Deputy Bowden left this morning for Douglas where they went after a Mexican who killed a countryman in Pirtleville yesterday.

Joe Gray, former secretary of the Warren District Commercial club, is numbered among the visitors today. Joe has many friends here and is kept busy shaking hands.

Byron's Troubadours arrived in the city this morning and will appear at the Schiefelin tonight under the auspices of the Tombstone City Band. They have a world-wide reputation as musicians and vocalists, and the local residents have the opportunity to enjoy a real musical treat.

Judge Barrow, of Fairbanks, is a visitor in the county seat, coming up this morning.

Manager Harry Evans, of the local telephone office, left this morning for Benson to repair the line, which is out of order in that section.

A large consignment of new and up-to-date toys, which will be placed on display in the big department store has been received by the Machomich Mer, Co, for their Christmas Toyland. There are toys of every description, and will appeal to the Tombstone youth.

Undersheriff Guy Welch returned this morning from Huachuca Siding where he went on official business.

Rev Horene, of the Congregational church, went to Tucson yesterday and is expected to return this evening.

Ernest Ivey was an outgoing passenger this afternoon for Lowell, where he will remain indefinitely.

Among the Tombstonites who went to Tucson to hear the famous Madame Schuman-Heink, who appeared in that city were noted: Mr and Mrs F N Wolcott and daughter Mrs Wm Wallace, and Dr H H Hugbart and wife.

Superintendent H K Street, of the Bisbee Land & Cattle Company is among the business visitors in the city today.

If you haven't taken advantage of our big subscription offer, you had better do it now before you forget. Just cut out the coupon on page four and send it in. Remember the offer only lasts until December 31.

Thomas Haberstock, the wellknown rancher of the Dragon mountains, is in the city today purchasing supplies.

# Many Soldiers to Join Villa

Two hundred soldiers started yesterday from Agua Prieta for an overland march to Chihuahua to help Villa take the city of Chihuahua and the march on to the capital of the republic. These are in addition to the column which left the same place two weeks ago under Calles, and it is announced in Douglas today that within the next three days a column of no less than 700 will march from Agua Prieta with the same destination in view. The soldiers who went back to the ranches after the battle of Naco have most all been called out, responding with unanimity and promptly to the request of Carranza. As soon as Carranza saw that Villa was the man of the hour, he commenced a co-operative movement with him, and it is expected that Sonora will augment the Villa forces for the campaign on Chihuahua and Mexico City to the number of at least 5,000.

# Sawtelle Dismisses Violation Charges

Charges of violating the neutrality laws preferred by the grand jury against Albert Steinfeld & Co., and Albert Steinfeld and Hugo L. Donau, personally were dismissed by U S District Judge William H Sawtelle in the United States Court Monday on the ground that the indictments did not state a public offense.

The defendants in these cases demurred to the indictments which charged them with ordering a large supply of ammunition from an eastern house with the intention of ultimately sending it to Mexico in violation of the neutrality laws. Judge Sawtelle held that the facts were too remote on which to base a charge of this character.

Previous indictments were dismissed on the same reason. The grand jury has adjourned and this ends the case as the prosecution has announced that in view of the ruling of the court it will not attempt to secure a new indictment.

This gives the crook two days before his villainy is discovered and in two days he can get to Los Angeles and take a steamer or easily slip across the border.

Friday morning the Consolidated National bank received a check from the Hotel Stewart on West Broadway, which had been cashed by one, Thomas C Hall, Saturday afternoon. The check was drawn on the First National Bank of Tombstone and was good for \$11. That is, it was good for \$11 to Hall but the Tucson bank officials became suspicious when they saw that it was signed, "Bequillas Land and Cattle Company" and not the name of an official of that concern. The usual procedure in cases of this kind being for an official to sign the name of the company and then his own signature. A telegram to Cashier Brandt of the Tombstone bank brought an answer that the check was spurious and the sheriff's office was immediately notified and are looking for "Hall" who, like the rest of his kind, has probably "beat it."
